Welcome

Thank you for becoming a student with Estrada College, a leading national trainer in the vocational education sector.

On behalf of our College team, I would like to take this opportunity to welcome you to the College. It is a pleasure to have you on board and we look forward to supporting you in achieving your qualification. The College and its staff are dedicated to developing high-quality applicable courses and programs, and providing an exceptional level of education and service to all students.

Estrada College is proud to offer courses that provide you with knowledge and skills that are relevant and current. The training we provide is developed by highly qualified and experienced educators to ensure you obtain the fundamental skills to progress and complete your course.

All courses currently offered by the College are Nationally Recognised Training Programs and approved for VET Student Loans. The Course Outlines included in your Enrolment Pack provide details of the assessment books, practical assessments and work placements (if required) you complete as part of your course.

All the study materials you will need to complete your course are supplied to you on enrolment and progressively as you finish units within your course. You are provided with a study guide for each unit of your course. The study guides present progressive information about the unit. You will find that it is generally not necessary to include references in your assessment to information other than what is supplied. Please feel free to supplement your studies with general reading.

The Course Outline for your course will clearly explain how to complete the practical requirements of your course. Your course may require you to demonstrate your proficiency in practical tasks in a simulated environment. These practical tasks can be demonstrated by attending assessment sessions in a small group or being assessed privately. You also have the option of demonstrating your competency by recording your skills and submitting your recording online for marking. For those students who may not be able to attend an assessment session, you can complete your practical tasks through a private assessment either in-person or via Skype with a College assessor.

Some courses may require the completion of a work placement and we provide information in this Student Handbook about how to arrange and access your work placement.

Please remember that all College learning materials, other documents and recordings are fully protected by copyright and other registrations, and as a College student we ask that you do all you can to protect our unique information and methodology. All College material is prepared by qualified and experienced professionals and for this reason we actively seek your help to protect against plagiarism.

If you have any questions regarding the College or your course at any time during your studies, please contact your local Student Support Centre.

Best wishes with your studies,

Sandra Poletto

Studying with Estrada College

My.Estrada

Upon enrolment, students are provided log-in details and access to the My.Estrada eCampus. At the eCampus, you can download all learning study materials for your current Unit of Study. As you progress through your course, the learning materials for your future Units of Study will be made available to you.

Study Assistance

Should you need help or assistance with any of your units or learning material, Education Advisers are readily available to help you on the College’s Study Assistance Line. Study assistance is available to students throughout Australia for the cost of a local call by telephoning 1300 135 363. The Study Assistance Line is open from 9am to 5pm (EST), Monday to Friday.

Further assistance is also available through the College’s “Virtual Tutor”, which allows you to email an Education Adviser for assistance. You can contact the Virtual Tutor at: tutor@estrada.edu.au.

Worrying about a problem that can easily be resolved is not productive, so please phone for assistance (not results) whenever you are unsure about what is required. Remember that Education Advisers are dedicated to helping and supporting you throughout your course so take advantage of their insights and call them whenever it is necessary.

Face-to-Face Study Support

Optional face-to-face learning undertaken at your nearest Estrada College campus provides you with an opportunity to enhance your learning in person with our skilled education staff. Your local Student Support Centre will be able to advise you of session times.

Practical Skill Assessments

There are practical skill assessments that must be completed as part of your course. The practical elements can be completed by attending an assessment session. The Course Outline for your course details the units which require practical assessment. Detailed below are the options available to complete each assessment:

1. Upload a video recording of your skills to the My.Estrada eCampus
2. Attend an assessment session
3. Have a Private Assessor assess your skills either face-to-face or via Skype

Further information and guidelines regarding your practical assessments is provided once you nominate how you would like to complete each assessment.

Please note that as each practical assessment is based upon the practical application of a part of the course theory, unit pre-requisites for each practical assessment need to be completed before they can be attempted.

Communication

For all student study assistance queries, please call our Study Assistance Line on 1300 135 363 or email the College at tutor@estrada.edu.au.

Alternatively, if you have a query relating to your enrolment, study progress or payments, please contact your local Student Support Centre.
Communications with College by Students

After their enrolment has been processed, please include your Student Number (the code prefixed with 'EST') allocated to your enrolment in all written communications (eg, by letter or email) you send to the College. Estrada College ensures privacy of the Student Number under the Privacy Policy, with the Student also being responsible for protecting the use and security of their Student Number.

Any student who changes their contact details or email address should notify the College within 14 days by sending your updated details to your local Student Support Centre.

Communication from College to Students

From the time of your enrolment, you will receive communications in writing, by email, text or phone call from College staff. Students are expected to respond to communications received within a reasonable timeframe as appropriate to the communication.
Getting Started

As a College student, you have a range of options available to you in obtaining support to complete your studies. The College’s flexible online learning approach puts you in control over when, where and how you study. You can integrate your studies around other important responsibilities. The choice is yours.

Study Time

At times, having a great deal of flexibility over when and how you study may result in difficulty motivating yourself. It is important that you set regular study times for yourself, make sure you have allocated sufficient time to complete your Unit of Study within the required timeframe, and keep to your schedule. Try to work for periods of approximately two hours at a time with a short break after you have been working for about 70 minutes. Adjust this ‘2 hour’ guideline to suit the study of a section of your Study Guide, as it is important that you do not break for long periods of time (more than an hour) when studying a particular topic. If you do have a break for a longer time part way through a topic, it is a good idea to revise what you have read before you continue.

Study Tips

There are some very simple things that you can do to make your studies a more pleasurable and rewarding experience. Here are 14 simple study tips that we recommend you apply to get your studies started on the right track.

1. Set aside time regularly to study and endeavour to stick to your schedule. When considering how much time to dedicate each week think about when you need to have your Unit of Study completed by and much time you can realistically dedicate to your studies. Once you’ve worked that out, get specific about the time and arrange your study into specific timeslots. Think about how your study would be structured if you were attending classes. It may even pay to think of your allocated time slots as classes so that you are mentally more committed to your study schedule.

2. Designate an area specifically for studying. Having an area specifically set aside for study will make it much easier to get into the right frame of mind for studying. If you keep this habit up you should find yourself automatically thinking about studying whenever you are in the designated area. It is also important to organise your desk and room so that everything that you need to study is easily accessible. Good overhead lighting is also important.

3. Avoid distractions. Concentration is required to study effectively and this cannot be done if you are regularly distracted by other people or background noises. So try not to study in a location where you may be distracted by other activities that you may wish to become involved in.

4. Every time you begin studying, spend 10-15 minutes revising what you have previously learnt. Reviewing pertinent facts and theories will help you retain key concepts of your studies that you may need to be drawn upon in future units.

5. Highlighting and post-it notes are great tools for highlighting key passages worth reviewing. Recording the main points of your studies that you can replay and listen to is another great way to reinforce learning – you may even find the recording beneficial to listen to while doing household chores or driving. Summarising main points on a piece of paper or file card may also assist you to retain key information from your readings and study guides.
6. If you need help or assistance with any of your units or learning material, call the **Study Assistance Hotline**. Education Advisers are readily available to help you between Monday to Friday, 9 am to 5 pm (EST). Worrying about a problem that can easily be resolved is not productive so please call for study assistance whenever you are unsure about what is required. Always remember that College Education Advisers are available to help and support you throughout your course.

7. A short break every 30-40 minutes away from where you are studying will help you retain information more effectively. Especially if you schedule exactly what you need to accomplish in each session before earning your breaks. Rewarding work with breaks can be a great motivating tool.

During your breaks get your circulation pumping by stretching your legs or going for a walk. Let your breaks be a time to think about other things and aim to have a 5-10 minute break every hour.

8. If you need to type answers for an assessment it is important to double space each line. This makes your work easier to read and allows room for an Education Adviser to provide you with adequate feedback on your work.

9. **Proofread.** Look for common grammatical and spelling mistakes and run spell check before printing or submitting your assessment.

10. When all questions and activities for each section of an assessment are complete ensure that your name and student number are on the assessment.

11. When uploading practical assessments it is important to ensure that they are recorded in an appropriate format. It is always a good idea to check that your recording is clear before submitting a visual assessment.

12. Always keep copies of your assessments (including visual assessments) in case files or items are lost or damaged. It’s wise to have copies for your own records anyway.

13. Visit Estrada College’s website regularly at [www.estrada.edu.au](http://www.estrada.edu.au) and link with us on Facebook and Twitter. That way, you can keep you up-to-date with what’s going on at the College.

14. Maintain a positive attitude towards your studies. Always keep in mind the reason you chose to study your course and don’t lose sight of that goal. Stick to the study timetable you have set yourself, and set aside sufficient time to complete your Unit of Study in the required timeframe. There’s an old saying “If it’s going to be, it’s up to me” so stay determined and persevere. If you keep at it, then before you know it you will be graduating.
Assessment Procedures

Unit questions are designed to allow you to express your understanding of the theory and its application. Whilst assessments are not a test of your grammar or spelling ability, care in these areas will make your work easier for the marker to read and understand.

A Study Guide and Assessment Book is supplied for each unit of competency in each Unit of Study, and these resources contain all the activities and questions you need to complete for the Unit of Study. Units of Study usually have two or three units of competency included and will have a Study Guide and Assessment Book for each unit of competency. Please undertake each Study Guide and Assessment Book in the order provided and submit progressively during the term and by the due date.

Begin working through each Study Guide by starting at Section One. Read the questions, information, and activities carefully and highlight the key points. Your Study Guide will also direct you to where you will find the theoretical information that you will need to refer to. The information has been supplied to you as a part of the readings in the Study Guide, for your easy reference. Refer to the Reading section specified and read the relevant parts of the text. Avoid copying blocks of the text, make notes on the main points before attempting to write your answer in your Assessment Book.

The approximate number of words it may take you to complete an activity are presented to give you some idea of how much work may be required to successfully answer the question. The approximate number of words can also be used as an indicator of the depth of information required. For example, if you are well under the approximate number of words you may need to ask yourself whether you have been too superficial in your coverage of the unit or part of a unit. If you are well over the word limit, then you may need to ask yourself whether you have included irrelevant information or repeated yourself unnecessarily.

Work your way through the Study Guide and Assessment Book until you have completed all sections. Then submit progressively during the term and by the due date.

Submitting an Assessment Book

When all of the questions and activities for each section of an Assessment Book have been completed, you upload the Assessment Book at My.Estrada (http://my.estrad.a.edu.au). You need to submit the completed Assessment Book by the due date.

Use the following as a checklist before submitting each Assessment Book:
- Have all of the questions and activities been completed and filled in?
- Is your name and student number typed inside your Assessment Book?
- Have you saved a copy of all of your work (in case of loss)?

Submit completed Units online from My.Estrada at http://my.estrad.a.edu.au.

Fully completed Assessment Books will be marked and returned within 3 - 5 working days.

Assessments Books that are incomplete will be returned unmarked.
Receiving and Re-submitting your Marked Assessment Book

You are able to access your marked Assessment Books through My.Estrada. Your work will be assessed as either “Competent” or “Not Yet Competent”. In instances where a grade of ‘Not Yet Competent’ is given, the Assessment Book will be returned to you with comments from the marker who will recommend how to improve your work. “Not Yet Competent” or “NYC” means that your work is incomplete or that you have not included some important information or adequately demonstrated your understanding of the information. In this case you should follow the marker’s recommendations for improvement. There are no penalties for a grade of Not Yet Competent. If you are not sure why you have been requested to resubmit an Assessment Book, please contact an Education Adviser.

You then review your responses and resubmit the amended Assessment Book for grading within 5 days. If Competency is then not achieved, you will be required to re-enrol in the Unit of Study during a later study period. Contact your Student Support Centre to arrange this and receive an updated Course Planner.

Students have one opportunity to resubmit their work to gain Competency. If the resubmitted work is re-assessed as Not Yet Competent, then the student is required to repeat the Unit of Study.

Course Outlines and Course Planner

A current version of the Course Outline and Course Planner for your course has been included with your Enrolment Pack. These documents contain the details about the Study Guides and practicals to be completed during your course and other relevant details such as when to commence and complete each Unit of Study.

If you have any questions about the structure of the Course Outline for your course, please contact your Student Support Centre for assistance.

Students are enrolled in the Units of Study as per the commencement dates shown on the Course Planner. If you are eligible for a VET Student Loan (i.e., an Australian Citizen, qualifying New Zealand citizen, or permanent humanitarian visa holder), this means that, unless you withdraw from the Unit of Study as per the Cancellation and Refund Policy prior to or on the Census Date of the Unit of Study, you are liable for the fee for the Unit of Study. If you are not eligible for VET Student Loans (i.e., not an Australian citizen, qualifying New Zealand citizen, or permanent humanitarian visa holder), then you incur the Unit of Study fee if you are enrolled in the Unit of Study as per the Commencement Date of the Unit of Study.

Hence, if you are looking to take a break from your studies, please notify your Student Support Centre by email and an updated Course Planner will be issued to you. Unit of Study fees apply as described above as per date of the notification from the student.

If you have not successfully completed a Unit of Study for any reason, you will be required to repeat the Unit of Study.
Important Information for Students Receiving Austudy, Abstudy, Youth Allowance or PES

College courses are approved courses for students eligible to receive Austudy, Abstudy, Youth Allowance or Pensioner Education Supplement (PES). For information regarding any of these government benefits or your eligibility, please contact Centrelink on 13 24 90 (for Austudy, Youth Allowance or PES) or 13 23 17 (for Abstudy). When submitting an application form for these benefits you may be asked to provide proof of your enrolment. Upon request, your local Student Support Centre will be happy to supply you with a letter confirming your course commencement date and student number.

If you are receiving Austudy, Youth Allowance or PES funding while you are completing your studies, you should be aware that Centrelink has very firm guidelines regarding a student’s obligations. It is extremely important to remember that if you do not meet your obligations you will probably be asked to pay back some of the funding that you have received, so it is important to take a note of these guidelines. The College recommends that students who cannot meet their obligations for whatever reason (illness, special circumstances) contact Centrelink as soon as possible.

If you are receiving Austudy, Abstudy, Youth Allowance or PES you must submit your Assessment Books according to the Assessment Due Dates. To be eligible for Austudy, Abstudy or Youth Allowance, you must be studying your course as a Full Time student. Funding is not available for students studying on a Part Time basis. As external study is different to traditional classroom education in that you do not have to spend a set number of hours attending lectures each week, we have set the assessment due dates on your Course Planner very carefully based on the time an average student studying Full Time would require to complete each Assessment Book. If you are putting in the work to submit each Assessment Book on time, you will be studying enough hours each week to meet with the Full Time workload requirement. On average this will be approximately 25 hours each week.

If your study commitment changes and you will no longer be studying as a full time student, you must advise Centrelink as soon as possible. Centrelink will ask to be reimbursed for any payments received during the lapse of ceasing as a full time student and notifying them that this has occurred.

If you are receiving the PES benefit, both Full time and Part Time study options are available at 100%, 50% or above, or 25% workloads. Students who selected a workload requirement on their Membership Application Form will have received a Course Planner with their first Study Pack indicating the due dates for their assessments. If you did not receive a Course Planner in accordance with your required workload it is essential that you notify your Student Support Centre so that we can inform you of the due dates you are required to adhere to and issue you with a revised planner. Once again, if your study commitment changes and you are no longer studying at a rate consistent with your nominated workload, you must advise Centrelink as soon as possible.

When you reach the end of your course, you must advise Centrelink immediately that you have completed your full time studies. This applies even if you have completed your course earlier than the allocated time frame on your Course Planner. Any remaining practical components will not be considered to be on a Full Time Study basis.

Potential students (applicants) applying to enrol must meet the minimum entry requirements included in the Fair Treatment and Equal Benefits and Opportunity Policy.

There are three pathways through which applicants can satisfy minimum entry requirements:

1. **Completion of Year 12 in an Australian Agency or Authority (State or Territory of Australia)**

   A copy of the Senior Secondary Certificate of Education, which signifies the prospective student’s successful completion of Year 12, is to be supplied.

   OR

2. **Completion of an accredited Certificate IV qualification or higher at a Registered Training Organisation, Higher Education Provider or University in Australia.**

   A copy of the Qualification Certificate is to be supplied prior to commencing your course. The course must have been delivered in English.

   OR

3. **Successful completion at Exit Level 3 or above in the Reading and Numeracy tests of the Core Skills Profile for Adults (CSPA) (or another test as approved by the Department of Education and Training).**

   The CSPA is an independent test which is completed online and determines the level of language, literacy or numeracy of the prospective student. All prospective students undertaking the CSPA (or...
another approved test) are required to complete the test themselves and participate in the process with honesty and integrity to accurately demonstrate their level of competence. Results of the testing will be provided to the prospective student as soon as practicable after the assessment with individual results being retained by Estrada College for 5 years.

The College will provide each student’s documentation satisfying the minimum entry requirements to the Secretary of the Department of Education and Training in the form, manner and timeframe as requested by the Department.

Once the Application Form has been fully and accurately completed, the potential student’s application is assessed for completeness and academic suitability. Applications are assessed on a first-in basis and offers are made to applicants with fully completed applications that meet the above entry requirements, subject to availability of places in the course.

For accepted applications, an offer to commence is made to the potential student. Two (2) working days after the offer is made, the student is invited to select their payment method (either paying their own course fees or, for eligible applicants, choosing to utilise a VET Student Loan). The electronic Request for Commonwealth Assistance Form is provided by the Department of Education and Training to students choosing a VET Student Loan.

Upon receipt of the course payment selection and fully completed payment information, an Enrolment Pack and initial course material is provided to the student with study beginning from the term commencement date. This timeframe is within 12 months of the new course becoming available or from expiry of the accreditation of the current course. Students will be advised of the teachout date of the course in writing.

2. These requirements are covered under the VET Student Loans Act 2016 (the Act) and clauses 101 and 102 of the VET Student Loans Rules 2016.

3. The College is a member of the Australian Council for Private Education and Training (ACPET) Australian Student Tuition Assurance Scheme (the Scheme). Contact details for ACPET (TAS Operator) are:

   Australian Council for Private Education and Training (ACPET)
   Website: www.acpet.edu.au
   Email: acpet@acpet.edu.au
   Phone Number: 1800 657 644

4. For the purposes of VET Student Loans, all courses offered by us, in accordance with the course requirements of clause 13 of the Act, are covered by the Scheme as part of our membership of the Scheme.

5. In the event the College ceases to provide an approved course of study in which a student is enrolled, the Student is entitled to an offer of a place in a replacement course with a second provider without any requirement to pay the second provider any tuition fee for any replacement units or components.

6. A replacement course is a course provided under a tuition assurance arrangement to enable a student to finish an original course or a course that is equivalent to the original course. A student may seek a review of a decision as to whether or not a course is a replacement course that meets those requirements.

7. If we cease to provide an approved course, the TAS Operator will send a student enrolled in the course of study a written Tuition Assurance Offer (the Offer) advising the student of the replacement courses/s available under the Tuition Assurance requirements.
8. The Offer will include directions that the student must follow in order to notify the TAS Operator of the choice they have made for each affected unit or component. The TAS Operator will provide this Offer within twenty business days after it knows, or should know by reasonable enquiries that we have ceased to provide the approved course.

9. The Student has up to 6 months to accept the offer of a replacement course. ACPET may extend this timeframe in circumstances that justify an extension.

10. If the student accepts the offer, the TAS Operator will make all necessary arrangements to ensure the student is able to enrol with the second provider in the same or equivalent course of study.

11. This offered VET course will lead to the same or a comparable qualification without any requirement on the part of the student to pay the second provider any tuition fee for any replacement units or components (that is, units the student had commenced but not completed because the approved course ceased to be offered).

12. A student will receive full credit from the second provider for any units successfully completed with the first provider.

13. The second provider nominated by the TAS Operator may have different tuition fees to the fees the student would have paid for VET Units of Study that were part of the course of study we ceased to provide but which the student had not yet started studying.

14. A student is not obliged to enrol in a replacement course of study with a second provider offered by the TAS Operator. However, if the student enrols with any other VET provider there is no obligation on that VET provider to offer full credit transfer for the VET units completed with the first provider or to offer replacement VET unit/s free of charge.

15. Where there is no suitable replacement course available for the student, a refund of the student’s up-front tuition fees payments or the student’s FEE-HELP balance will be re-credited for the Unit of Study that the student was enrolled in but had not completed at the time of the College ceasing delivery of the approved course. Under this process, the TAS Operator undertakes to pay the student the total of any up-front payments already paid by the student or will have their FEE-HELP balance re-credited for any Units of Study the student has commenced but not completed because the approved course ceased to be offered.

1. Overview

Life Coaching Institute (Aust) Pty Ltd ATF Life Coaching Institute Trust T/As Estrada College (“the College”) is committed to providing an effective, efficient, timely, fair and confidential grievance handling procedure for all Students. This policy covers both academic and non-academic grievances, appeals and reviews of decisions.

Academic matters include those matters which relate to student progress, assessment, course content, curriculum or awards in an approved course.

Non-academic matters include those matters which do not relate to student progress, assessment, course content or awards in a course and includes grievances in relation to enrolment in a course and personal information that the Provider holds in relation to a Student. Non-academic grievances tend to arise from events occurring at a Provider or from decisions made by a Provider.

Complainants are entitled to access the grievance procedures regardless of the location of the campus at which the grievance has arisen, the Complainant’s place of residence or mode of study. There is no charge for lodging a grievance or complaint.

This policy does not replace or modify policies or any other responsibilities which may arise under other policies or under statute or any other law. Also, the dispute resolution procedures outlined below in this document do not circumscribe an individual's rights to pursue other legal remedies.

If a Student chooses to access this policy and procedure, the College will maintain the Student’s enrolment while the grievance and appeals process is ongoing. There is no victimisation or discrimination of Students who have submitted a grievance.

While all records related to a grievance are confidential, students are able to access records related to their grievance.

1. Responsibility

The Head of College is responsible for implementation of this policy and procedure and ensuring that all staff are fully trained in its operation and Students and Complainants are made aware of its availability.

The Complainant and any respondent will not be discriminated against or victimised.

At all stages of the process, discussions relating to grievances and appeals will be recorded in writing. Reasons and a full explanation in writing for decisions and actions taken as part of this procedure will be provided to the Complainant and/or any respondent if requested.

Records of all grievances will be kept for a period of five years to allow all parties to the grievance appropriate access to these records. ### Informal Grievance Procedure

Students are encouraged initially to attempt to resolve a grievance informally by talking directly with the person concerned to resolve the problem. This step is not mandatory and a Student may proceed directly to the Formal Grievance Procedure.

### Formal Grievance Procedure

1. **Stage One**

   Formal grievances of an academic nature should be submitted in writing to the Training Manager. Formal grievances of a non-academic nature should be submitted in writing to the Operations Manager.

   Grievances can be submitted to the Training Manager or Operations Manager respectively at the Estrada College Head Office, Locked Bag 15, Fortitude Valley QLD 4006 or by email to admin@estrada.edu.au. The Complainant is invited to include suggestions about how the grievance might be resolved.

   The Training Manager or Operations Manager will notify the Complainant of receipt of the grievance within 5 working days. The Training Manager or Operations Manager will then assess the grievance, determine the outcome and advise the Complainant in writing of their decision, including reasons for the decision, within 20 working days.

   The Complainant will be advised of their right to access Stage Two of this procedure if they are not satisfied with the outcome of Stage One.

   The Training Manager or Operations Manager arranges for the implementation of any decisions, outcomes, or recommendations that arise from consideration of the grievance in Stage One.

   At this stage, either party may be assisted by another person at their own cost.

determination of the appeal. The Complainant will be advised in writing of the outcome of their appeal, including the reasons for the decision, within 20 working days.

The Complainant will be advised of their right to progress to Stage Three of the grievance procedure if they consider the matter unresolved.

The Head of College arranges for the implementation of any decisions, outcomes, or recommendations that arise from consideration of the grievance in Stage Two.

3. **Stage Three**

Copying sentences and blocks of text directly from readings, textbooks, or other documents including copying the work of another student does not demonstrate a student’s own understanding of the topic. Such practices will be regarded as plagiarism unless the source is appropriately acknowledged.

Students who are unable to appropriately demonstrate their own understanding of a topic will be marked “Not Yet Competent” and will be required to re-submit the assessment.
